My Massage Works practitioners can be paid through the following funding options:

- **The 100% Employer Funded Option** - As part of any number of Corporate Occupational Health and Safety programs, the employer may hire My Massage Works to perform massages on their employees. This can be done on a regular basis or be an irregular incentive. A common and very popular payment method.
- **The Subsidised Option** - Quickly growing in popularity for many reasons, this compromise allows some of the cost of the service to be paid for by the employees. Their employer covers the remainder.
- **The 100% Employee Funded Option** - The employees use their Health Fund rebates to help pay for the service whilst the employers allow qualified and insured My Massage Works therapists to operate on their premises
- **Gift Certificates** - An excellent opportunity to recognize and award employees. My Massage Works can supply Gift Certificates as part of your benefits and rewards systems for purchase upon request. Discounts are available when purchasing in bulk quantities. They can also be used for payment with Option 1, Employee Paid Services.
